

## **National Taiwan Normal University Department of Chemistry Transfer Regulation**

Article 1 Eligibility: Only current students of National Taiwan Normal University are eligible to apply.

Article 2 Application:

- (1) Application dates align with the school calendar.
- (2) Application methods for transferring, double majoring, and obtaining a minor are done online through the "Day Division Academic Affairs Information System → Transfer, Double Major, Minor Subsystem → Voluntary Application" section.
- (3) Submission of autobiographical and learning plan documents is required.

Article 3 Admission Test:

- (1) Interview
  - (I) Time: To be notified later.
  - (II) Location: Conference Room F322, Department of Chemistry, 3rd Floor, Science Building, Gongguan Campus
- (2) Admission Results: Priority is given to those who have passed ordinary chemistry courses (including the current semester). Admission decisions are based on interview performance.

Article 4 Approval and Implementation: The admission process is approved by the Department of Chemistry Admissions Committee and implemented after being reported in the Department Affairs Meeting.
